

Postage Payment Options

Modern Litho offers a range of convenient postage payment options designed to streamline the mailing process. Our goal is to provide you with flexible, efficient solutions that best suit your needs. Please review the following options:

1

Permanent Postage Deposit

This hassle-free option allows you to maintain a deposit equal to one issue's worth of postage. We'll bill you net 10 days on your postage invoice, ensuring a smooth, continuous mailing process. It's fast, easy, and provides peace of mind for both parties.

ACH Transfer

Enjoy the convenience of electronic transfers without credit card fees. While this method is quick, please note that the exact postage amount is typically determined on the mailing day, resulting in the transfer being processed the following day.

2

3

EPS Account

Take control of your postage with an EPS account set up through your local post office. You'll manage the account balance, ensuring funds are available prior to mailing. This option puts you in the driver's seat of your postage management.

Estimated Postage Check

While we offer this option, we recommend considering our other more accurate and efficient methods. Estimates can vary, and this approach requires additional coordination for each mailing.

4

5

New Account Setup

For our new customers, your Account Executive will guide you through these options and assist in setting up the most suitable payment method for your needs.

Questions?

Should you have any questions or need assistance in selecting the best option for your organization/business, please don't hesitate to reach out to your Account Executive or our customer service team. We're here to help make your mailing experience as smooth and efficient as possible.

Thank you for choosing Modern Litho as your mailing partner.
